SUMMARY) 19

GUEST GRIEVANCE AND COMPLAINT PROCEDURE

DAVIES SHELTERS IS COMMITTED TO A SAFE, RESPECTFUL ENVIRONMENT. GUESTS MAY RAISE CONCERNS ABOUT SHELTER CONDITIONS, SERVICES, STAFF INTERACTIONS, OR RULE ENFORCEMENT WITHOUT FEAR OF RETALIATION.

HOW TO RAISE A CONCERN

Report to Staff:

- The preferred first step is to try to resolve concerns directly with staff when appropriate.
- Use the confidential online complaint form immediately for issues involving safety, discrimination/harassment, or staff misconduct, or when a concern is not resolved through staff.
- The online form is available anytime and goes directly to the Administrator and Executive Director. It will be included in information received by the guest after intake

Anonymous option and confidentiality

Guests may submit the online form with their name or anonymously.

Davies will protect the guest's identity as much as possible and will not disclose it unless it is necessary to investigate, address safety, comply with legal reporting obligations, or take corrective action.

Anonymous submissions are allowed, but some issues cannot be fully addressed without knowing who needs help.

Retaliation is prohibited

Retaliation against any guest for filing a complaint or participating in an investigation is prohibited and may result in corrective action, including discharge.

Response timelines

Safety concerns:

addressed immediately.

Other concerns:

acknowledged within 1–2 business days when possible; response provided within 7 business days when possible. Some investigations may take longer; guests will be updated.

REVIEW AND OUTCOMES

Complaints are reviewed by shelter leadership. If a complaint is about leadership staff, a different reviewer will be assigned.

Outcomes may include policy clarification, a corrective action plan, facility/service improvements, safety planning, or a finding that the complaint is not substantiated.

APPEAL

Guests may request a one-time appeal within 5 business days of the decision. The appeal will be reviewed by the Executive Director or designee. The appeal decision is final.

SECTION 2: ACCOMMODATION REQUESTS (DISABILITY, MEDICAL, AND ACCESS NEEDS)

DAVIES SHELTERS PROVIDES REASONABLE ACCOMMODATIONS TO GUESTS WITH DISABILITIES OR MEDICAL NEEDS AS REQUIRED BY LAW AND CONSISTENT WITH SHELTER SAFETY AND OPERATIONS.

ACCOMMODATION DISCLOSURE & REQUESTS INTAKE

Guests should disclose accommodation needs during intake to the staff member completing intake.

Staff will document the request in the intake record and coordinate next steps.

AFTER INTAKE

If accommodation is denied, promised but not provided, or the guest believes it is not being met, the guest should use the Guest Complaint/Grievance online form (named or anonymous).

Typical accommodations (examples, when feasible)

- Bed placement adjustments when available (for mobility, bathroom access, safety, or medical needs).
- Temporary use of the upstairs family room if it is open, unless and until it is needed for a family.
- Communication supports (written communication, extra time, support person assistance with boundaries).
- Allowing service animals as required by law (see Service Animals section).

Reasonable accommodation

Davies will provide accommodation that are reasonable and do not create a direct threat to safety, fundamentally change shelter operations, violate law, or exceed staffing/space capacity.

If a requested accommodation is not possible, Davies will explore reasonable alternatives when feasible.

TO PROTECT GUEST SAFETY, PRIVACY, AND SHELTER OPERATIONS, DAVIES SHELTERS LIMITS VISITOR ACCESS.

VISITING HOURS AND AREAS

- Visitors are allowed only during posted visiting hours and only in staff-designated areas.

CONDUCT AND SUPERVISION

- All visitors must check in with staff and follow staff instructions.
- Staff may end a visit at any time for safety, privacy, rule compliance, or operational needs.
- Refusal to leave may result in law enforcement being contacted.

- Drop-offs may be accepted only under shelter procedures.
- New items must be inspected before being given to a guest or brought into guest areas.
- Staff may refuse any item that is unsafe, prohibited, cannot be stored securely, or disrupts shelter operations.

Recovery and safety-based visitor restrictions

Davies may restrict or temporarily suspend visitor access for an individual guest when necessary for safety, compliance with program expectations, or recovery stability. Restrictions will be documented and reviewed by shelter leadership. Guests may use the grievance process if they believe a restriction was applied unfairly.

SECTION 4: RECORDING, PHOTOGRAPHY, AND SOCIAL MEDIA
